## Challenges

This was very straightforward job and we didn't encounter too many challenges other than the usual restrictions with working in central London in terms of haulage and loading and unloading lorries. However, in depth pre-planning meant that delivery was met in a timely manner.

## SNOWDENS

### Outcome

A successful first year of a long term supply contract. We will look forward to working on this event next year.

*"Just a short note to thank you and the entire team for the fantastic job done at MINT Polo in the Park. By all reports the event was a huge success. It therefore looks like we'll get the opportunity of doing it all over again in 2011! Thanks again to you and the entire team for all the hard work."*
